APPROVED - APPROVED WITH SPECIFIC CONDITIONS - DENIED -

PERMIT NO. _____ FEE: \$ _____
 APPROVAL DATE: _____ -- _____ -- _____ APPLICATION APPROVED BY: _____
 EXPIRATION DATE: _____ -- _____ -- _____ Development Review Manager

Section VII DRIVEWAY REQUIREMENTS

- Use 6" of non-steel reinforced concrete in ROW (including sidewalk section). Fiber-reinforced concrete (FRC) is acceptable.
- 3,000 psi minimum concrete
- Pavers in the Right-of-Way are acceptable but cannot be used in crosswalk or sidewalk. (In the event the County has to perform work in the Right-of-Way the pavers will not be replaced by County) **** If crosswalk is broken or does not meet ADA it will need to be replaced with concrete in conjunction with the paver installation
- Crosswalks must be a maximum of 2%. (Preferably 1.5%). Where new driveway is to be constructed, sidewalk section must be removed and replaced with 6" thick sidewalk section to accommodate vehicles.
- Expansion material required wherever concrete joins existing concrete.
- Drainage must not be negatively affected by driveway. For ditch fronts, install storm with mitered ends under driveway. For small swales it might be required to invert the driveway to allow for positive flow.
- Culverts must be 18" minimum or per Engineer's specification
- Driveways can be a maximum of 18' with 3' flares. This would total 24' at the roadway.
- Driveways must be 5' from property line and 6' minimum from neighbor's flare.

CONDITIONS

1. The issuance of this Permit is governed by and regulated by the following:
 - a. The Florida State Statutes relating to the use of County Right-of-Way and Property Interests.
 - b. The Florida Administrative Code.
 - c. Seminole County Codes, Ordinances and Policies.
 - d. Any fees established by Seminole County and any additional requirements and conditions of the Seminole County Board of County Commissioners or the Development Review Section.
2. It is understood and agreed that the Licenses and Privileges herein set out are granted to the extent of the County's right, title and interest, if any, in the land to be entered upon and used by the Permittee, and the Permittee will at all times, assume any and all risk of and indemnify, defend, and save harmless the County from and against any and all losses, damages, costs and expenses arising in any manner whatsoever on account of or in any way resulting from the exercise or attempted exercise by said Permittee of the aforesaid approved Licenses and Privileges or otherwise resulting from the acts or omissions of the Permittee or its officers, employees or agents. The Permittee agrees that its assumption of risks and obligations to indemnify the County related to Permittee's work or placement of any improvements shall survive the expiration date of this Permit. The Permittee agrees to pay any and all costs, fees and expenses that the County in any way incurs relative to enforcing the terms and conditions of this Permit, including but not limited to, Attorneys' Fees and Legal Costs at trial, on appeal or at any administrative proceeding. The Permittee understands and acknowledges that any and all payments to obtain this permit only cover direct and indirect costs which the Permittee's use of public right-of-way have or will generate, and further that such payments do not encompass the fair value of Permittee's use or occupation of public rights-of-way.
3. It is expressly agreed by the Permittee that this Permit is for is a License for Permissive Use only and that the placing of improvements, such as, but not limited to, utilities, facilities, roadways, structures or landscaping upon public property pursuant to this Permit shall not operate to create or vest any property right whatsoever in said Permittee, current owner/operator or adjacent property owner. The scope of this license shall not be expanded physically, functionally or as to the breadth of services permitted through it without the prior consent of the County. A copy of this permit shall be on site during construction.
4. The Permittee agrees that the construction and/or maintenance of improvements shall not interfere with the property and rights of a prior occupant including, but not limited to, the County. The Permittee shall pay any and all costs and expenses in any way relating to activities of the Permittee interfering with said property and/or rights.
5. In the event of rerouting, widening, repair, construction or reconstruction of public roadways, utilities, facilities or structures, the Permittee shall, within ninety(90) days of receiving written notice from the County, remove or relocate its facilities within the Public rights-of-way, at no cost to County, to clear the area for the County's work.
6. The Permittee and the holder of this Permit shall take all safety measures, including, but not limited to, the placing and displaying of warning/channelizing/regulatory signs, signals, lights, barricades, cones, drums, beacons, devices, pavement markings and flaggers as required by the most recent FDOT Roadway and Traffic Design Standards and shall also prevent any obstructions or conditions which are or may become dangerous to the traveling public as conclusively determined by the Manager of Development Review Division, County Engineer or Designee. The Permittee shall be responsible for any and all costs related to loss of life, personal injury and/or property damage relating to the impedance obstruction of either pedestrian or vehicular traffic.
7. If an emergency or any other situation arises which a reasonably prudent person would believe to be an emergency situation, the Permittee and the holder of this permit shall immediately take all actions necessary to ensure the safety of the traveling public and construction persons including contacting emergency services such as police, medical or fire. Permittee will contact and advise the Development Review Manager of the situation and take any and all remedial actions in addition to those required by the Development Review Manager, call 407-665-7409. After normal business hours call 911.
8. Prior to any construction, a 24-7 emergency phone number shall be placed at the work site and shall be visible from a public access point, Permittee agrees to obtain all required approvals, agreements and/or permits relative to the type and location of the proposed work from all Federal, State, County, City, real property owner and any other Regulatory Agency or Department. The Permittee, Owner, Agent or Contractor must obtain a Federal NPDES Permit if the proposed construction disturbs (one) 1 acre or more total land area.
9. Any work that commences without all required State, Regional or Local Permits available on the job site or without establishing: 1) the actual location of existing utilities; 2) safety measures; 3) without coordination by the Permittee relative to emergency situations, shall be immediately suspended until all requirements have been met and penalty fees, if any, are paid. The penalty fee for work that commences without a Permit shall be no less than the Permit fee for each occurrence. Additionally, failure to obtain a Permit may result in a case being filed with the Code Enforcement Board of Seminole County or other appropriate actions in accordance with State Law and County Ordinances. In the event this Permit is subject to or issued in conjunction with any other Permit, whether State, Regional or Local, this Permit shall automatically be suspended indefinitely if such other Permit is terminated or suspended.
10. Permittee declares that prior to any construction or excavation, notice as required and as necessary in accordance with sound operating and engineering practices, will be issued to the owners of real property, owners/operators of all existing utilities, facilities or improvements, both underground and aerial.
11. At the request of the Development Review Manager or Designee, Permittee agrees to submit As-built Engineering Plans within thirty (30) days detailing the location of all construction improvements.
